Conditions of Entry | Steep Point and Edel Land

For Your Safety

- This area is remote and has some inherent dangers including:
 - Extremely hot, dry and windy weather
 - Dangerous coastline with large surf, 200 metre high cliffs with unstable edges and blowholes
- Be prepared for the heat. Take at least 10 litres of water for each person per day.
- Exercise extreme caution near cliff edges especially when fishing. Supervise children at all times.

Entrance and Camping Fees

- Please display your camping permit on your vehicle dashboard where it can be easily read.

Four-wheel-driving Code

- Drivers should exercise due care and drive to the conditions in place.
- High clearance 4WD vehicles are recommended.
- All vehicles must be licensed for road use. Off road vehicles are not permitted.
- Normal road traffic rules apply. Seat belts must be worn and riding the back of utilities is prohibited.
- Reduce your tyre pressure to negotiate the soft sand tracks. We suggest a tyre pressure of 20psi (trailers included) as a starting point. The pressure will vary according to vehicle type and load as well as type of tyre and rim.
- Drive only on existing vehicle tracks, with tyre pressure reduced and 4WD engaged at all times.
- Entry to the Useless Loop area is not permitted.

For the Environment

- Firearms, weapons and fireworks are not permitted.
- Pets are prohibited (except guide dogs) to protect native wildlife and prevent poisoning by 1080 baits laid to control foxes and feral cats.
- All native wildlife is protected. Leave plants, animals, rocks, shells and soils as you find them.
- Don't bring seeds and non-native plant material into the area to help prevent the spread of weeds.

Camping Code

- Portable gas barbecues are the preferred cooking method. Open fires are only permitted in suitable containers (e.g. in a cut 44 gallon drum). Bring your own fire containers and wood should you choose this method. Firewood collection is not allowed. The ranger will provide a container for ash on the night before you leave. No fires are allowed on the last night's camping.
- To assist with waste management we ask that campers take out what they bring in. All bulky items, plastic and glass bottles MUST be taken out with you - rinsing empty containers and taking them home with you is one way to assist with waste management.
- Stow rubbish securely to prevent it from being blown away. Place daily food scraps in the bins provided.
- Basic toilets are provided at Steep Point and Shelter Bay. Outside of these areas bury human waste in a 500mm deep hole at least 100m away from public areas. Please do not empty chemicals into toilets as this will kill the bacteria which help to break down human waste within the system.

When Fishing

- Abide by Department of Fisheries regulations at all times. Know your bag limits and fish for the future. No fishing is permitted in sanctuary zones including the Surf Point Sanctuary Zone adjacent to Steep Point.

CANCELLATION POLICY

Campers who change or cancel proposed camping at short notice effectively limit or prevent others from using the camping facilities. The Department of Environment and Conservation (DEC) reserves the right to offer alternative camping arrangements for any reason beyond our control.

Changes to a booking

- You are permitted to alter your camping arrangements at no charge - availability permitting.
- If you wish to change your booking after full payment is made you will either pay, or be refunded, the difference depending on the change you make. Note that there is no guarantee of availability for an increase in campers.
- In cases where the access road is closed due to inclement weather and your stay is shortened, DEC will refund the unused portion of your stay.

Cancellation of a booking

- A non-refundable cancellation fee of \$25 applies
- If you cancel your booking after paying all fees you will be refunded your payment MINUS the cancellation fee of \$25. You must provide the original receipt to claim this refund.
- In cases where the cancellation fee is more than the total amount paid you are not entitled to a refund.
- DEC will not give refunds based on circumstances outside of its control eg a decision to change plans, poor weather and / or ill-health not of a life-threatening nature.
- In circumstances of serious injury to you, other camping members or your immediate family (medical certificate required) refunds may be given. Applications must be in writing and include details of the injury / illness and include a copy of the medical certificate. Address applications to "Department of Environment and Conservation Denham 89 Knight Tce WA 6537".

Privacy Policy

DEC is committed to protecting the privacy and security of any personal information you provide us in order to do business with you. This includes your name, address, phone number and / or email address. DEC will not disclose any information about you to anyone except in circumstances where we are required to by law. We may use your personal information to contact you about your stay, to respond to a request you make or to make any changes or cancellations to your booking.

Any change to this privacy policy will be posted prior to implementation. All information on this form is correct at time of publishing.
